Firehouse 12

Feel free to meet with us on any given Friday at Firehouse Happy Hour, when they serve vittles. This is a great place to start the weekend if you're interested in getting involved with the local scene. The concept of a local scene is not a new one, but the plan is to take a different strategy with regard to how to capture, promote and experience it like never before.

We are already producing films and music videos and we hope that you'll watch what we have available on our vimeo channel (vimeo.com/musicscene). If our mission is successful, we could potentially subvert the very way that people get their music, art and culture; by adapting the way that it's presented, and cross-connecting an internet website to a publication. This monthly zine is intrinsically connected to the material on the website. It's self-referential in nature, a veritable TV Guide for our own music & video stations.

LOCAL MUSIC SCENE - NEW HAVEN, CONNECTICUT

Mates Of State have had their music in TV shows and performed on David Letterman.

Mates of State

What are you up to on Wednesday Night?

Accomplished rockers Mates of State will be playing a total of 4 shows each Wednesday in January at BAR New Haven on Crown Street with special thanks to @ManicProduction

We recommend checking out the music video for "Staring Contest" and heading to BAR to see them perform for free. These shows are underground! It's not even listed on their tour dates.

BEST RECENT SHOW: MR. COUNCIL FEATURING GIALANA

Gialana took the mic during Mr. Council's performance at Pacific Standard Tavern on November 23rd and rocked the crowd with no hesitation. Footage exists! Try the scan code.

This was during the Political Animals show at the event that same night. PACT delivered with an incredibly talented array of accompanying performers, particularly the featured filmwork this month.

Food

This week, we focus on tacos.

Tacos have increased in popularity recently. You can find taco specials all over town, and not just only on Tuesday. Here's who is doing taco specials: on what days, and where:

Mondays at Three Sheets (372 Elm)

Tuesdays at BARCADE (56 Orange St)

Wednesdays at Firehouse 12 (45 Crown St).

They're all really good! Try any of those.

BLASPHEMY BOYS

Blasphemy Boys is a new group from CT. They don't even bother with drummers. Just a whole band of guitarists and banjo dudes and then the bartender gets on stage, she shouts a bunch of songs with Jesse, and it was a great show to be at. We want to re-enact how they met Tommy Doomsday, and put that up on 1

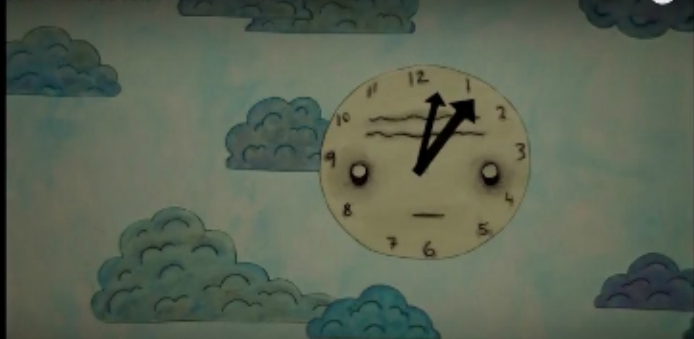

Definitely a show worth attending. Find their next performance on our updated calendar on the website.

"...Rather than create the animations via computer graphics and software I chose to do manual stop motion using paper cutouts. Going one step beyond the classic paper cutout method, I hand-painted the backdrops, scenery, and characters via ink, pastel, and watercolors prior to cutting them out."

-Laura Klein, Western Estates

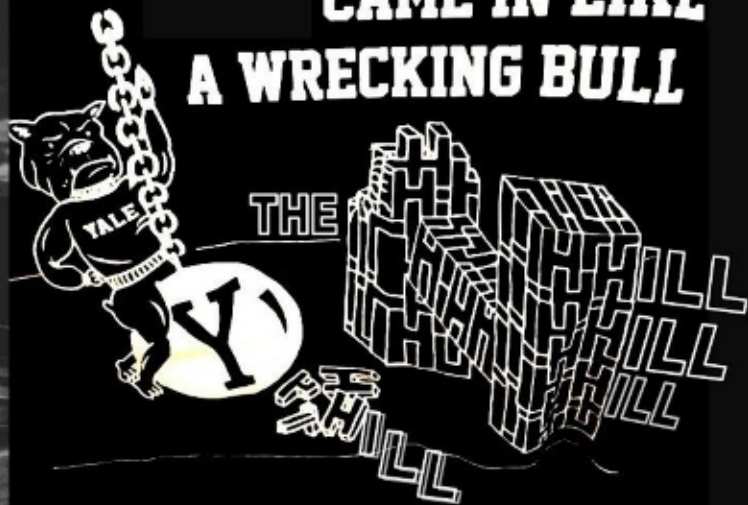

This quote is from a page on the Western Estates website about how the video was produced.

RECOMMENDED: STREET FIGHTER 2

Street Fighter Two is the Gold Standard of classic arcade battles, and they have a good working one over at BARCade on Orange near Crown.

Every so often, you might catch a game against a skilled opponent. Try playing against the compu to go against artificial intelligence.

BARCade is the place to be. They also have four player Ninja Turtles (classic) which is a pretty good group activity.

DRINK FEATURE:

EXTRA *Ordinary*

This was really tasty. It doesn't actually glow,
there's just a flashlight behind it.

Can't remember what it was called.

They can figure it out.
